

## Formation of “No Carbon Tax Climate Sceptics” political party in the ACT

The No Carbon Tax Climate Sceptics is a centrist political party, registered nationally with 800 members Australia wide. We wish to be registered in the ACT in order to run candidates for the next ACT election on 20th October 2012.

To do so, we require 100 ACT members by 30<sup>th</sup> June to allow us to register as a party in the ACT. We intend to campaign primarily on the issue of the wastage of money by the current ACT government on "green programs" and other ideas that do not clearly benefit the environment while increasing ACT taxes and charges unnecessarily. We believe these wasted funds should instead be used to provide better ACT services across many areas.

If you would like to become a member we can sign you up for free membership before June 30th and send you monthly newsletters to keep you in touch. This application form can be downloaded at; <http://www.warwickhughes.com/blog/?p=1602>

**Note the Australian Electoral Commission will check you are an ACT resident and are not a member of another political party.**
